

Product Brief

Provider:

Petro Partner

TSYS Acquiring Solutions

Target Merchants

- Petroleum merchants (e.g., gas stations, auto repair)

Description

Petro Partner is designed to meet the unique needs of petroleum merchants.

- Compatible with popular point-of-sale systems, including pay-at-the-pump, convenience stores and terminals
- Supports multiple payment types, including credit, signature debit, PIN debit, EBT, and fleet cards
- Supports the most popular fleet cards – Wright Express, Voyager, MasterCard Fleet, and Visa Fleet
- Petro Smart is an optional POS software application for use with Hypercom T7 series terminals

Additional Information

- TSYS Petro Partner [information sheet](#) (PDF format)
- [List](#) of supported terminals and pay-at-the-pump equipment
- Wright Express will bill merchants directly for WEX fleet card transactions and related services.
- TSYS, using a third party agent, will bill merchants directly for Voyager fleet card transactions and related services.
