

Product Brief

Provider:

VeriFone PAYware Mobile

VeriFone (through The Phoenix Group)

Target Merchants

- Mobile merchants (e.g., flea market, craft show, food delivery, etc.)
- Services fulfilled on site (e.g., contractors, plumbers, photographers, musicians, etc.)
- Transportation services (e.g., taxis, limousines, etc.)
- Merchants who want to process payments on their iPhone™

Description

VeriFone's PAYware Mobile is a complete payment solution that transforms iPhones into a secure payment portal. Simply swipe a card, capture a signature and enjoy the convenience of payments wherever, whenever. With PAYware Mobile, not only do you have the ultimate in convenience, you have the ultimate in security.

Merchant Benefits:

- Secure transaction processing with VeriShield Total Protect encryption.
- Speeds transactions and eliminates manual-entry errors by swiping cards.
- Swiped rates help merchants save up to 30% on the cost of accepting credit cards.
- Payments for multiple phones can be consolidated into a single gateway account for easy reporting.

Features

- PAYware Connect Gateway is PCI Level 1 certified
- Supports credit and signature debit transactions
- Supported transaction types: sale, pre-auth, voice-auth, credit, tip adjust, void
- Customizable receipt email
- Built-in stylus for signature capture
- Transactions feature geo-tagging of the nearest street or coordinates to reduce pay disputes
- Address verification (AVS)
- Supports tax and tips
- Remotely manage multiple devices from a single administration account
- Remote deactivation to secure lost devices.
- Real-time reporting including extensive search capabilities to find specific transactions
- Merchant can enable/disable auto-close and customize the settlement time

How it Works

In order for a merchant to use PAYware Mobile, the merchant needs a merchant account and the following:

1. iPhone that is compatible with PAYware Mobile (3G, 3GS, 4)
2. PAYware Mobile Card Encryption Sleeve (see below for how to purchase)
3. PAYware Connect mobile gateway account (see below for how to sign up)
4. PAYware Mobile app for the iPhone (this is a free app that can be downloaded from the AppStore)
